

Heavenly Father and Jesus Christ Love Me

Game 1: Give the Heart

Love Delivery — Carry a paper heart across the room and give it to another child. "Jesus loves us. We can show love too."

Game 2: Love Goes Around

Like passing an object around a circle—but every child who receives the heart hears his or her name: "Jesus loves Lucy." Lucy then carries the heart to another child: "Jesus loves Ben." The heart doesn't randomly circulate. The child experiences being individually included.

Game 3: Find Someone to Love

Teacher calls, "Find someone who needs a friend!" Children pair up. "Find someone you can help!" Pair again. "Find someone you can welcome!" Pair again. Love becomes something we do.
