

Jesus Christ Showed Us How to Love Others

Others Game 1: Jesus Did It AND We Can Too! Leader calls: "Jesus helped!" Children pretend to help. "Jesus was kind!" Give a gentle high-five. "Jesus included people!" Make room in the circle

Game 2: Follow Jesus This is our legitimate gospel version of Follow the Leader, because following is literally the lesson. Leader performs acts Jesus taught: help someone up, make room for someone, pretend to share food, comfort someone, wave someone into the circle. Everyone follows. "Jesus showed us how. We can follow Him."

Game 3: Can You Help Me? Teacher creates tiny problems: drops blocks, can't reach an object, has too many toys to carry, teddy bear falls over. Children race—not competitively—to figure out how to help. The game is solving the question: "What would love DO?"
